Wanted: A Single Nisei Femme

Kiyoshi Sawada

A pleasant Japanese male smiled somewhat shyly as he expressed his deep and sincere desire to meet a Japanese-Canadian girl. KIYOSHI SAWADA, a X-ray technician, (one of few persons from Japan to be granted, under the hypocritical Immigration policies of Canada, the status of a landed immigrant,) is wondering where all the girls in Montreal are hiding. He can't find any -- and has asked the New Canadian, via this column, to aid him in his search.

Kiyoshi, who is thirty-six years old, is an extremely amicable individual who has every intention of remaining in Canada and becoming a citizen. He would, therefore, like to get in touch with an unattached Nisei girl with whom — love permitting — he could share the future. "Of course," he said, "she doesn't necessarily have to be from the immediate Montreal area. I love to travel and I would appreciate hearing from any girl across Canada."

Any unattached female who is interested in writing to Kiyoshi can see from his picture that he is a not unattractive fellow. This former Kami-kazi fighter pilot, filled with the zest and vigor of a youth in his prime is a supple 140 pounder who stands at about five feet six inches tall.

Kiyoshi who arrived in Canada two years ago via the U.S.A. (where he spent a year at Boston's Massachusetts General Hospital,) laughed heartily when I asked him whether he found any difference between Americans and Canadians.

"You'll excuse me for laughing," he apologized, "but I find very little difference between the two."

"None at all?" I persisted.

"Well," he replied, after a moment's thought. "When I stepped off the plane at Dorval, (airport,) I was so surprised to hear many people speaking French. . . my god, I thought we were in a country other than Canada. . . French is something I didn't know about. . ."

Actually, Kiyoshi speaks very fluent English and has picked up a smattering of French phrases which he laughingly says, "doesn't sound one bit like French when I say it." As I spoke with him, I realised that, unlike other Japanese nationals that visit or come to Canada, he hadn't used one word of Japanese to convey his thoughts. Kiyoshi is that fluent!

On the whole, Kiyoshi finds Canada a lovely country in which he hopes to make his future, "so big and a wonderful place for anybody that likes to travel." Kiyoshi, whose closely cropped hair and youthful facial features belie his thirty-six years, likes to travel. An avid "shutter bug", he showed me some pictures of places where he has visited since his arrival in Canada. To emphasize his keen interest in photography, he informs me that he is currently enrolled in a local photography school.

Although three years away from his native country, Kiyoshi is not at all homesick. "It's strange," he said, "I've never felt homesick in my life, no matter where I am." His freedom from homesickness notwithstanding, Kiyoshi sometimes yearns for a home cooked Japanese meal — but, he is, "very content with Canadian style cooking. . ."

If I may be permited a comment here, I think that the way to Kiyoshi's heart, not unlike that of other males, is through his stomach.

Thus, if there are any fair maidens from 20 to 35 years who wish to meet this lonesome bachelor and perhaps cook him a meal or two—PLEASE write him, c/o this newspaper. We'll forward all replies, unopened, to Kiyoshi.

Former U.S. General Claims . . .

Atom Deaths Exaggerated

HIROSHIMA.—Americans who investigated the effect of the first atom bomb on Hiroshima were instructed by Washington to deliberately exaggerate bomb casualties to create a terrifying image of the bomb's power, a top U.S. officer in the MacArthur occupation of Japan said recently.

"The actual deaths from the bomb's blast and heat during the first 24 hours were between 2000 and 3000," former Brig. Gen. Crawford F. Sams, now a University of California consultant, told the American Society for Internal Security.

We were instructed to build up the image of the bomb's destructive power as a deterrent to war," said Sams, who was MacArthur's top aide for health and welfare in Japan.

"Can Be Justified"

"As a philosophical thing, I think this can be justified. But we should not fool ourselves today; we should face the facts."

The facts, according to Dr. Sams, are that most of the subsequent deaths at Hiroshima, from fire, infection, and even radiation sickness, were preventable.

"The popular myth—that we dropped a bomb on Hiroshima, and 100,000 people died—has no basis in fact," he said. "Even by including every death from every cause in Hiroshima for six months after the bomb you cannot reach a total of more than 47,000 persons."

He conceded that 21,000 persons died in the first week, but insisted most of these were from the fire that swept the tindery city.

"We will never know what part of the fire caused by the heat of fission and what part was caused by tipping over thousands of charcoal hibachis," he said.

Radiation Inconsequential

Radiation was inconsequential as a cause of death, Dr. Sams said.

In another part of his speech he said no more than 18 per cent of the total deaths could be attributed directly or indirectly to radiation.

Asked afterwards where the instructions to exaggerate came from, Dr. Sams replied:

"Now you are in a sensitive area. Just say the instructions were carried to Japan from Washington by Gen. Farrell."

Dr. Sams also made these points:

Human beings can stand as many as 1000 "rads"—units of radiations—over the course of a year without any outward ill effects.

The intensity of fallout radiation from a bomb falls off by 90 per cent in 48 hours, and by 99 per cent in two weeks.

Most deaths at Hiroshima were due to poor medical care and Hiroshima is not a good model of nuclear warfare casualties.

"Women Of The Year" Goes To Nisei Geneticist

WINNIPEG, Man. — Renown Nisei geneticist, Dr. Irene Uchida of Winnipeg was recently named as the "Woman Of The Year" by the Woman's Advertising Club of Winnipeg.

A graduate of the University of British Columbia and the University of Toronto, this outstanding doctor has been the recipient of many large grants to assist her vital work.

She was born in Vancouver, B.C. and comes from a family of 4 sisters. One of her sisters Mrs. Yamazaki is the wife of the well-known Nisei architect, George Yamazaki of Toronto.

Dr. Uchida now works as the Head Geneticist for the Winnipeg Children's Hospital. She was given the "Woman of the Year" award for her "outstanding research in the field of genetics.

Truman Nix On Mixing

NEW YORK. -- Former President Truman said recently that racial intermarriage was against the teachings of the Bible and he hoped it wouldn't become widespread in the United States.

Truman was asked by newsmen on his early morning walk if he thought intermarriage would become prevalent.

"I hope not," he said." I don't believe in it. What's that word about four feet long? Miscegenation?"

He advised his questioners to read the Bible and said they would learn racial intermarriage was opposed to Bible teachings.

A furor was raised by Truman's statement in New York.

The hottest retort came from Univ. of Hawaii lecturer Joseph R. Mottl, a Caucasian whose wife is Negro.

Said Mottl:

"I'm amused and astonished that a man of his intelligence and background—a former president whom I respect for his frankness—would not have insight into the fact that the fundamental fact of integrations is not fair employment practices, or integration in the schools but is actually racial intermarriage.

"The result of intermarriage

Nisei Girl Un-Loyal ?

NEW YORK. — Wendy Nakashima, 21, of Atlanta, Georgia was among some 10 American students returning from Cuba to receive papers asking them to appear before the House Committee on Un-American Activities in Washington, D.C. She was one of 44 students who staged a sit-in demonstration because the State Department officials tried to stamp their passports invalid.

A former student at City College of New York, Miss Nakashima is reported to be presently unemployed. She is not attending school.

Ide Speaks At Optimists

TORONTO.—Mr. Ed Ide, President of the National JCCA, recently was featured as the guest speaker at the Toronto Optimist Club.

He spoke on the heritage of the Japanese people and their problems emigrating to Canada, as far back as 1879. President Ide also spoke about Japan, old and new, and the many changes that has taken place between his first visit in 1939 and his return visit in 1958.

2 Scholars

WINNIPEG, Man.—Two Nisei students were recently awarded scholarships from the University of Manitoba. They are: Miss Jean Yamashita—winner of a Alumni Scholarship and Miss Karen Kiyoko Miyanishi winner of a Alumni Bursary.

Canadian Red Cross Society Celebrates Centennial Year

TORONTO. — This fall the International Red Cross celebrates its Centennial year. It is an organization that was born from the idea that friend nor foe, nationality, creed nor color, would interfere with the humanitarian assistance in time of need. This is carried on today all over the world.

In this country of full and plenty, where hurricanes and floods rarely happen, the international aspect of the Red Cross Society is reflected in other forms. One of these very direct contacts is through the Home Nursing Classes that are taught each year at the Central Red Cross Headquarters, on Jarvis Street.

Last year in the 19 classes taught, the percentage of ethnic women was 43%. These were nineteen nationalities represented. At the class closing parties, the usual cookies and tea supplied by class members, were replaced by beancakes, tortes and pizza, from the kitchens of Denmark, Britain, Germany, Japan, Latvia, Lithuania, Palistian, Poland, Ukrainia, Italy, Belgium, British Guinea, France, Norway, West Indies, Yugoslavia, America and Holland.

The exchange of differences in culture, ideas and food added zest to the serious task of learning home nursing skills invaluable in caring for the sick at home.

During the fall of 1961, for the first time, the Red Cross in Toronto made a definite appeal to the Italian speaking Canadians through Home Nursing Classes that were taught in Italian, using Italian Home Nursing Manuals sent to Toronto from the Red Cross in Rome.

Although the course was taught in Italian using Italian manuals, a few of the class members who knew a little English asked if part of the leassons could be taught in English. By the end of the 18 week course, complete lessons were taught in English and each of the women had in her possession an English Home Nursing Manual as well as an Italian Manual. Here they had an opportunity to learn to speak English on a subject that was of interest and importance to the welfare of her home and family. Each woman took home with her new ways to care for her family, new cooking and eating ideas and even, if only a little, a knowledge of the language of her adopted land.

There is a small library of Home Nursing books at the Red Cross now, including German, Portuguese, Japanese, Italian and French. The nurses teaching the classes are from Jamaica, and Italy as well as those of Canadian background.

Japanese Expectant Mothers Are Found To Be Undernourished

TOKYO — Expectant mothers in Japan's lower-income families will get free daily ration of milk starting next April because a survey found that most are undernourished.

The Welfare Ministry will spend 1,360 million yen (about $4 million) providing milk for about 560,000 expectant mothers, or 37 percent of the estimated number of pregnant women in Japan in a single year.

They will get skim milk, fortified with calcium and vitamins, for nine months before and after their children are born.

The amount of enriched milk will be equivalent to two bottles (180 cc) of ordinary milk.

A survey by the Japan gynecology and obstetrics society found that expectant mothers in lower income groups were getting less than half the calcium they needed, that they needed far more nutrients all told.

The society said expectant mothers need 28 to 42 percent more calories, 50 to 58 percent more protein and 133 to 183 percent more calcium than normally.

Report From Montreal's Seido-Kwan Judo Club

MONTREAL.—Montreal's Seido-Kwan Academy of Judo invited a high-ranking Blackbelt from New York to supervise a special three day technique clinic which took place on August 26, 27 and 28.

Mr. Sojuro Kobayashi, Go-dan (5th degree Blackbelt), impressed the over thirty senior members who attended with his fitness and skill. He did not spare himself for one moment, but each night gave a hard randori practice to every individual member as well as demonstrating kata (formal techniques) and showing the intricacies of the throwing and grappling techniques which are more usual to tournament Judo.

The participants were worked so hard and had to do their breakfalls so frequently that they were thankful for the new tatami (Judo mats) which arrived recently from Japan. The special spring platform which serves as a base for the tatami, giving them more resilience and acting as a shock absorber, also helped a great deal.

Kobayashi Sensei has been teaching at the Buddhist Academy of America since his arrival from Tokyo a year and a half ago. He possesses a keenly analytic mind capable of instantly grasping the flaws in the mechanics of technique; this, together with his teaching ability, made his visit a worthwhile event for the club members. It is hoped to sponsor similar clinics beginning in the near future before Seido-Kwan's 11th Annual Eastern Canada Tournament which takes place on Saturday, November 2, 1963.

50th 7th-Day Adventist Metro World Mission

TORONTO. — The 50th Annual Metro World Mission Appeal, sponsored by the members of the Japanese Seventh-Day Adventist Church in Toronto, began this week.

Volunteer workers, led by the Pastor George S. Aso, aim for a goal of $1,500.00 locally and four million dollars over the world. The funds will supplement the continued operation of 239 modern medical institutions throughout the world, 360 institutions of higher education, and 42 major printing presses which publish evangelical and health books using 225 languages. Ever expanding welfare, disaster relief, and imparting the knowledge of healthful living also take up the vast army of medical personals of this Christian denomination.

The "Five Day Plan To Stop Smoking" is now sweeping the cities of the United States and Canada with telling effect.

The Branson Hospital of Toronto, a chain that links the vast network of world hospitals, will start its construction next spring to increase the bed capacity from 225 to 450 at the cost of $4.5 million dollars.

Pastor Aso revealed that Canada's only Japanese language Radio Broadcast, "Yorokobi No Otozure" program is one of three thousand Radio and Television broadcasts also sponsored. The cost to maintain this program every Sunday morning (8 a.m.) Oakville's CHWO 1250 kcs.) is $2,300.00 per year, one third of which is contributed by the general public at the time of the Fall campaign.

Willing participation is much appreciated by the church.

▽今夏、オ州ストラットフォードの藝術祭に四十五回連續公演して、超滿員という非常な人氣を博したオペレッタ"ミカド"が來る十月二日午后九時半から十一時まで、九十分ぶつ通しでテレビ放送されることになつている。

▽これはシービーシのテレビ番組"フェスタブル・シリーズ"の一つとして放送されるものであるが、ス町で公演した舞台とキャスト全部そのままというので、ただガラスを通して本物のステージをみるのと同じだといつている。

▽実際にこのオペレッタをやるのには三時間四分要するのを、テレビにするため九十分にちぢめたので、コーラスは多少カットされており、スポンサーのベル電話會社も支拂つた金高の半分以下のコマーシャルを承諾し、わずか四分間だけにして、連續テレビ放送されることにしたものだという。

▽舞臺に出てくる人々の日本着の着こなしかたやゼスチュアなどは專門家に二世嬢が協力して"借りもの"らしくないものにしているのが認められるだろう。ス町で"ミカド"を見る機會のなかつた者は、テレビで十分樂しむことができるはずである。

アザラシ狩（上）

『部落で一番の名射手はだれかね』とムーシシにきくと『ウリンガア』（おれだ）と答えて誇らしげに笑う。うぬぼれではない。ライチョウを一發で三羽落したのを見たことがある。散彈銃ではない。單發のライフルでだ。われわれが來てからも、一發でアザラシ二頭を仕止めた。氷穴のそばに並んでいた雄と雌の頭を、うまく重ねてねらったのだ。三十五才。部落のおとなの中では、最も人がよく、ひかえ目な男だ。

× ×

六月中旬のある晴れた日。ムーシシがまたアザラシをみつけた。日が當って風のない午後は、アザラシが氷穴からはい出して昼寝をする。部落から旧式の望遠鏡で氷の海を見張っていると、この近くにも、ときどきアザラシが出てくる。いま、みつけたのは、部落から三キロほど沖だ。『ちょいと行ってくる』とムーシシが犬ゾリの用意を始めた。われわれも同行する。

部落の丘をおりるとすぐ凍結した海だ。ソリは氷の小山を上り下りして、大きくうねりながら進む。快晴の午後とはいえ、冷たい風がほおをなでる。

アザラシから五百メートルほど手前で、ひそかにソリをとめる。ムーシシは、パルカ（エスキモー服）の上衣もズボンも白いのに着かえ、銃をもって歩きだす。藤木君がカメラをもって續く。私は望遠鏡でアザラシの様子を見ながら、犬たちがとびださないように注意する。

アザラシは、いつでも海中にとびこめる姿勢で氷穴の方へ頭を向け、長々と寝そべっている。が、ときどきヒョイと頭をあげ、數秒間あたりを警戒する。その間隔が約三十秒、長くても一分間。三十秒ずつの、こま切れのうたた寝である。あやしい音や動き、においを感ずると、すぐに目前の氷穴にとびこむ。射撃は必ず頭をねらい、一發で即死させなければならない。

× ×

ムーシシと藤木君は、はじめ中腰で接近し、さらに四つんばいで雪の上をはってゆく。ところどころに、コウリが突きでてツイタテの役を果してくれる。アザラシの百メートルほど手前に最後のツイタテがある。自然のものにしては形が好都合すぎると思ったら、ムーシシがあらかじめ作っておいたものだった。アザラシの現れる穴は大体きまっているから、用意してあるのだ。二人はそこまで接近し、ジッとかがみこんだ。

こま切れのうたた寝を續けるアザラシは、一向に氣づく様子がない。海獣は一般に昼寝好きだが、アザラシくらいぐうぐう寝ろのも少ない。安全と思えば何時間でもうたた寝を續ける。

ムーシシが銃を構えた。と、アザラシはまた頭をあげたが、すぐにおろして寝そべる。このアザラシにとって、これが最後のうたた寝となるか。三十秒、四十秒。ひょいと上がった頭。とたんにガクンと下った。そして銃聲。命中だ。銃聲と同時に走りだすッ、犬達。

ところが現場に着くと、アザラシは見えず、二人ともがっかりしている。穴のまわりは血にそまり、雪の上にアザラシのひげが數本。ムーシシがそれをつまみ上げ、くやしそうに説明する。——『脳天をはずれた。鼻に當った。コウリの下で死んでいる……』

名射手の失敗はわれわれの滞在中このときだけだった。

三、四時間後、同じ穴に現れた別のアザラシを、ムーシシはみごとに仕止めて歸った。

松茸奇談

卜市　仁藤裕一

ある日、秘書からキノコの入った袋を渡された。なつかしい香で、すぐ松たけとわかったので、さっそく植物學のクイン教授のところに持っていった。ところがフシギや、このキノコの大家、松たけを見るのは初めてとのこと。一部を標本に差上げた。

その晩は久しぶりに味わう香り高い松たけの吸物に故國の秋を心いくばかりしのんだ。だが、困ったことに持って來て下さった方のお名前がわからない。心あたりに電話してみたが、ついに恩人を發見し得なかった。

北米の松たけは日本のと違って色が白っぽいので、前にシアトルの松たけの經驗がなかったら、せっかくのご好意も贈主がわからないのでお受け出來なかったと思う。ある人が、この邊でとれる松たけは、香が違うといっていたが、どうもおかしい。

松たけなら松たけ特有の香があるはず。多分松だけに似たキノコを知らずに食べているのではないかと思う。キノコは玄人でも顕微鏡がないと見わけがつかない場合があるとのこと、キノコの同好者は一應、講習をうけた方が安全だと思う。

幸いケイン教授が毎月曜晩に教えて下さる。九月三十日の晩八時から第一回會合がトロント大學藥物學教室（カレッジ街とユニバシティ街の西北角）で開かれる。參加自由だが、十回分の講習料十五ドル。

保守党が大勝利 新民主党も進出

オ州選擧で自由黨は惨敗喫す

ロバーツ首相

△オンタリオ州総選擧日の二十五日は州全体にわたって秋日和にめぐまれ、前回一九五九年の総選擧の投票數よりぐんと上まわる投票(有権者の六二%)の結果、進歩保守黨の大勝利に歸した。これに反し、連邦議會選擧でトロントをはじめオ州内で自由黨が大進出したことでオ州自由黨も大きく伸び得るとの期待は全く裏切られて解散前より一名減少の二十三當選の惨敗となり、しかも自由黨主ウインターミア氏は新參保守候補のため一敗地にまみれるという憂目にあった。一方、新民主黨は五議席から二名をふやして計七名の當選者を出して、ともかく勢力を伸ばすことに成功した。

△最終結果によると保守黨七八、自由黨二三、新民主黨七、その他〇、計一〇八であり、保守黨政府の全閣僚は再選されたうえ、一五議席をふやしたことはロバーツ首相の個人的勝利でもある。特筆すべきことは、メトロ・トロント三一選擧區のうち二二區を保守黨が占めたことは、保守トロントの異名をとりもどしたことになるわけである。

ウ氏辭任を決意

自由黨思惑外れのショック

【キッチナー發】政權の座に二十年以上もどつかとすわりこんでいるのは腐敗のもとであるとオ州與黨政府をこっぴどく攻撃した自由黨のウインターミア黨主は落選直後、記者會見で『黨主を辞任する決意をかためた』と語った。こんどこそは政權を擔當すると勢いこんだ自由党は思惑がはずれその上黨主を失ってショックをうけている現在だが、近日中に黨大會を開いて新黨主を選擧することになるはず。

新民主黨のマクドナルド黨主はゆうゆう當選したが計七名の當選に少しばかり落膽、少なくとも十二議席を獲得したいとの希望は果し得なかったが、事實上、新民主黨こそ反對第一黨として活躍するといっている。

核實驗停止を米上院が批准

【ワシントン發】米上院は今週、部分的核實驗禁止を八〇對一九で批准した。上院で三分の二の投票を得れば承認されることになっている。すでに百二カ国がこの條約に賛成署名している。

産業開發の協力

サ州が十一月に訪日團派遣

【レジャイナ發】サスカチワン州産業聯間理事會主催下に、産業使節團が來る十一月訪日する予定である。この理事會は今年六月誕生したもので、同會の四名が使節團に加わり、州政府産業及び情報省から二名が參加する。十日間にわたる訪日で、一行は主要都市の産業を視察するが、今回の訪日使節團は日本業界がサ州開發に深い關心をよせていることにより、具体的な日加協力による開發について話し合うことが主要目的の一つといわれている。

特別軍隊を境界に出動 マレーシアと通信切断

○…インドネシアは今週、新国マレーシア連邦との電信電話連絡を全面的に切断すると共に、サラワクおよびサバ(北ボルネオ)境界線に特別軍隊を出動させた。別報によると、インドネシア軍は両国に對し砲撃を開始したと傳えられている。

○…このインドネシアの実力行使による両國攻撃に對し、万一インドネシア軍が越境して進攻する場合は、英豪州がマレーシア、對し軍事的援助を約束したといわれる。

○…スカルノ大統領は、マレーシアは元植民地をあくまで堅持するため国名を換えたのにすぎず、インドネシアを包囲しようとしているといっている。シンガポールはインドネシアとの間の電信電話を切ってしまったので、インドネシアはその復活を懇請している。

英政府に罪なし スキャンダルで

【ロンドン發】元陸軍大臣プロヒーモ氏とコール・ガールの事件について調査した『デニング報告』が公表されたが、英政府はこの事件に責任はないことをハッキリさせているが、しかし政府が敏感であれば、この事件は未然に防がれたといっている。このデニング報告がブック店で發賣されるや、押すな押すなとお客がつめかけて買い求めた。

米兵を侮辱

ヌー夫人暴言

【サイゴン】外遊中の南ベトナム大統領の義妹ヌー夫人がベトナム駐屯の米国青年將校を非難し、彼等は無責任な火事ドロボー的であると暴言したことについてロッジ米大使は『ヌー夫人のかかる發言はショッキングであり残酷で侮辱である』ときめつける發表を今週行った。米大使は『彼等は生命をかけて南ベトナム国を赤魔から守っている者で、ほめられるべきであって、決してケナされるものではない』と辯護したが、米大使が公然と駐在国首脳者の言辭にチャレンジしたことは重大視されている。

五國首腦會議 池田首相提案

【東京時事通信】マニラ電によれば、池田首相は二十五日行われた比島大統領との第二回會談で經済文化協力問題を検討するため日本、フイリピン、インドネシア、豪州、ニュージランドの間で首腦會談を開くよう提案した。

これについて黒金官房長官は次のように述べている。

西太平洋の五ヵ國首腦會談については公電はまだ入っていない。しかし出發前の首相の頭には歐州經済協力機構のような形のはっきりした構想はなかったようだが、西太平洋でつながる一連の地域の首腦が時折も話し合いをしてはどうかとの考えはあった。しかしその内容はそれほどはっきりしたものでなく、大ざっぱなものであったように思う。これを太平洋共同体といったものの布石とみるのは早すぎると思う。

大巾なる人事異動

大平外相のハラ

【東京時事通信】東京新聞によると、大平外相は十月初旬、池田首相が外遊から歸國後大巾な人事異動を行なうハラを固めたもようで、現職大使八人ないし十一人に勇退を求めるとともに、本省でも各局長級を異動させることにより人心を一新する意向だといわれる。島外務次官もこの異動を機会に辞任したい意向とのことで、同次官が辞任した場合には駐英大使に轉出することになろうという。

日加閣僚委ひらく 輸出ワク増加要請

オタワで

【オタワ發】日本、カナダ両国の閣僚委員會は二十五、二十六の両日オタワの國會議事堂で開かれた。日本側からは田中大蔵、赤城農林(スポークスマン)、福田通産の三大臣および島外務次官と牛場駐加大使が出席、カナダ側からはマーチン外務、ゴードン大蔵、シャープ通商、ロビショー漁業、ヘイズ農業の五大臣が加わった。

【東京時事通信】日本政府筋が明らかにしたところによると、カナダ政府は中共からの輸入制限緩和にあたって中共製品の年間輸入量を五百万ないし八百万ドルとする方針を決めたといわれる。この中にはセンイ製品、金属洋食器、ブラシ、ゴムグツなどが含まれている。

△これについて日本政府はこのワクが今後擴大してゆく場合には、日本の同種産品の輸出にも相當の影響を與えるとして、二十五、六両日オタワで開かれている日加閣僚委員會で、カナダの日本品輸入規制ワクもふやすよう強く求めたい考えである。

前カナダ總督ヴィンセント・マセー氏は件爵または傳統的位階なしで、カナダ人に叙勲する制度を設けるべきであると主張している。マセー氏自身、英國はもとより諸外国から勲章をうけているが、他のカナダ人でも同様なのがあるのに、カナダから叙勲することがまったくないのは片手落ちというのである。

夏に逆もどり オ州の暖かさ

オ州一帯は先週末から今週にかけて、ほとんど連日七〇度以上の暖かいインデアン・サマーを樂しんでいるが、この暖波のため水泳プールはあわててカバーをとりはずし、水泳着もとり出すという有様。オ州ウインザー市では二十六日の日中最高温度は七八度、ト市とその近郊は七四、五度という暖かさであった。

苦難の万國博

【モントリオール發】一九六七年の世界博覧会の主任計畫者クロード・ロビラード氏は『なかなか興味ある仕事だ』といっていたが、突如辞任したことが今週明らかにされた。人事困難の世界博である。

Hors D'oeuvres

Oh, to be in Japan, now that autumn is here. This is the loveliest time in Japan. For travelers, weather is ideal. The scenery around the countryside defy poets and artists alike, making them feel humble and inadequate. Old time denizens feel the creeping of nostalgia and sentiment as the present year approches the twilight of its course.

But to the busy members of the American Embassy Women's Club of Tokyo, it is the beginning of a new and very active year. Entertainment takes up a bulk of their time, and naturally, every gathering has its cocktail hour, and hors d'oeuvres are the necessary accompaniment to whatever one is holding in the other hand.

Here are a pair of recipes highly lauded and served over and over (because of their simplicity and elegance).

CRAB BALLS

Ingredients:

1 can crabmeat (6½ oz.)
1 tbsp. butter
1 tbsp. flour
½ cup milk
½ tbsp. salt
½ cup cornstrch

Method:

Melt the butter.

Add flour until mixture is thick. Add milk slowly to make a thick sauce. Bring to boil. Add crabmeat and salt.

Chill. Form into balls the size of a walnut. Roll in cornstarch. Deep fry.

Serve hot with shoyu and hot mustard.

This can be prepared in advance and reheated in a hot oven, say 450F.

LOTUS ROOT BALLS

Ingredients:

½ cup grated lotus root
¼ tsp. salt
1 tbsp. flour

Method:

Mix above ingredients together and form balls the size of a walnut.

Deep-fry and serve on picks.

Makes about 2 doz.

VARIATION: If lotus root is not available, try raw sweet potato as a substitute.

Another attractive addition to the hors d'oeuvre tray is sliced lotus roots, deep-fried and salted. It resembles a lace doily.

Golf Champ 49 Years Old

By LESLIE NAKASHIMA

YOKKAICHI, Japan. — Tokichi-to Toda, 49-year-old Japanese pro of Kyoto who toured the United States in 1935 and 1936, today staged a sensational come-back by winning the Japan Open Golf Championship with a two-stroke margin over a much younger field of 52 pros and three amateurs.

Toda, who last captured the Japan open in 1939, fired a 70-71—141 in the final 36 holes for a five-under-par 283 in the three-day 72-hole tournament over the difficult 7,015 yard par 72 Yokkaichi Country Club course here.

He shot five birdies against two bogies and the rest all par in 36 holes.

Set Course Record

Although he fired a five-under-par-67 for a new course record on the opening day, none of the experts believed Toda would have the stamina to carry him to victory.

"I guess I won because of [illegible] on the first day," Toda said. "I never thought I would [illegible]. Only when I was five under par on the 14th hole in the last round and when I put my tee shot on the green on the difficult par three 16th hole did I believe I would win."

He attributed his victory to good putting and the [illegible] holding up.

Less than Five Ft. Tall

He is less than five feet in height and weighs 132 pounds. He received the first prize money of 700,000 yen ($1,946).

is positive and Harry Truman is a haberdasher."

Nisei Reactions

State Sen. Sakae Takahashi, whose wife is Caucasian, said racial intermarriage "is a pretty common thing in Hawaii and is becoming more prevalent on the Mainland.

"I think that President Truman, much as I admire him for his views on other important subjects, is completely off base in this particular case," said Takahashi.

State Rep. Howard Y. Miyake, another attorney of Japanese ancestry with a Caucasian wife, said he felt Truman's stand will change nothing.

"Regardless of Mr. Truman's position on intermarriages, there have been intermarriages [illegible] the past. [illegible] in the future [illegible]," he said.

Percy Mirikitani, Republican candidate for lieutenant governor in last year's primary [illegible] whose wife is Caucasian, said he was uncertain about the exact meaning of Truman's remarks.

"If President Truman meant by his statement that he's against interracial marriage [illegible] then this is contrary to the makeup of the American way of life," he said.

"It hits at the very foundation of what America is made of, because historically, America is composed of people from all over the world regardless of racial background."

State Sen. [illegible] Esposito, whose wife is of [illegible] ancestry, said Truman is "maybe reading a different Bible than I read."

"I really feel sorry for Harry if he said something like that," he said.

Pottery Shows Japanese Here 5000-Years Ago

WASHINGTON. — The first immigrants from Japan arrived in the new world probably by accident, about 5000 years ago.

Such is the indication to Smithsonian Institute archeologists of a pottery complex which has recently been found in Ecuador. Radio-carbon measurements show it is about 5000 years old.

It is chiefly characterized by a peculiarly formed stone figurine which is nearly duplicated by objects with the same dating found in Japanese deposits.

At this date, Japanese sailors were making lengthy sea voyages, and it is thought that some of them may have been blown off course and cast ashore on the Pacific coast of South America.

The pottery is too advanced in design to be of local origin, and contains some of the oldest human artifacts yet found in the Americas.

This thesis is advanced by Drs. Clifford Evans and Betty J. Meggers of the Smithsonian staff in a report on cultural developments in aboriginal South America.

"The coast of Ecuador," says the report, "now has emerged as one of the most exciting regions of the new world for those concerned with pre-historic developments. Poised astride the equator [illegible] currents meet [illegible] a unique geographic position.

Sea [illegible] voyagers from north, south or west almost inevitably would have been cast on her shores, the report concludes.

Kyushu Villagers Never Made "Oyu"

TAKENOYU, Japan. — The 28 villagers in this out of the way farming center on southernmost Kyushu Island have never boiled a drop of water in their lives.

Neither did their ancestors for 600 years.

They fill their kettles, do their washing and bathing from a natural hot-water system — a geyser that's reckoned to be 800 years old.

Scientists say the hot steam vein originates from the volcanic belt of Mount Aso, an active volcano south of here.

Takenoyu's ancestors settled here as farmers when they found the geyser 600 years ago.

Vapor from the geyser is 400 degrees centigrade, or 752 degrees Fahrenheit.

Villagers steam their clothing and shiitake mushrooms on the vapor and dry them in special drying huts they've built.

Now a power development company has started a boring project to tap the geyser and the villagers might soon have to share all that hot water.

Takenoyu is being eyed as a likely spot for a hot springs resort.

He Sobers Up In Japan's Imperial Palace Moat

TOKYO. — Katsue Sato has done it again. He took another [illegible] dip in the Imperial Palace moat recently.

It's the 46-year-old junk collector's favorite way of sobering up. He's done it four times already this year.

Each time police fished him out, scolded him and tossed him into one of Tokyo's many drunk detention houses for the rest of the night.

Sato is probably the most frequent offender. But each year scores find their way into the [illegible] waters of the moat, either by design or accident.

There's no law against swimming in the ancient moat, once as revered as the palace and the imperial family it surrounds.
